ABOUT US

Forum for International Certified Scholars (FICS) is a UK-based educational body dedicated to empowering institutions and individuals through globally recognized professional qualifications and certifications.

Established with the vision of delivering career-focused, practical learning pathways, FICS serves as a bridge between education and industry by offering quality programs that enhance employability and professional growth.

Our qualifications are benchmarks of knowledge, skill, and commitment—respected by employers, educational institutions, and professional bodies across the world.

We help:

- Students stand out in a competitive global market
- Institutions elevate their educational standards
- Corporations access talent with proven credentials

OUR MISSION

To deliver accessible, high-quality professional education and certification that meets the evolving needs of industries worldwide, fostering lifelong learning and international career mobility.

WHAT WE DO

FICS conducts a rigorous quality assurance process for its qualifications and partner institutions.

We:

- Develop industry-relevant curricula in diverse professional fields
- Offer professional certifications aligned with global standards
- Partner with institutions to deliver training and assessments
- Provide online examination systems for seamless certification

WHAT WE OFFER

We provide a broad portfolio of professional diploma programs and certifications that empower individuals to begin or advance their careers in:

Hotel Management

Montessori Teacher Training

Aviation

Accounting

Logistics & Supply Chain

Business Management

Information Technology

SCHOOLS – RAISE YOUR ACADEMIC STANDARDS

Accredit your school with FICS and elevate your educational delivery to meet international standards. Our accreditation process examines:

- Academic quality and curriculum design
- Infrastructure and learning resources
- Innovative teaching methodologies
- Student skill development and employability outcomes

Benefits of FICS Accreditation:

- Gain recognition from a respected UK-based educational body
- Enhance your school's reputation for delivering quality education
- Access specialized teacher training and development resources
- Benchmark staff competencies through professional certifications
- Position your students for success in further studies and careers

Eligibility:

Government-approved public or private schools offering high-school education (up to Grade 12).

COLLEGES – REDEFINE YOUR EDUCATIONAL PROGRAMS

Partner with FICS to enrich your college's academic offerings with industry-focused, career-oriented programs. Our collaborations help colleges:

- Deliver “add-on” diploma programs alongside academic degrees
- Prepare students for direct employment or global career opportunities

Benefits of FICS Accreditation:

- Access ready-to-deploy industry-oriented programs
- Equip students with dual credentials for competitive advantage
- Connect students with global job opportunities via FICS networks
- Differentiate your institution in the educational landscape
- Facilitate student progression to higher studies abroad

Eligibility:

Government-approved colleges or universities licensed to operate in their country.

INSTITUTIONS – MAXIMIZE YOUR TRAINING DELIVERY

Become an Authorized Education Provider (AEP) of FICS to expand your course offerings and enhance your institution's profile. As an AEP:

- Access FICS-approved curricula and resources
- Deliver specialized training aligned to industry trends
- Offer globally recognized FICS professional certifications

Benefits of Becoming an AEP:

- Association with an international UK-based certification body
- Strengthen your institution's market reputation
- Attract students seeking quality, career-oriented programs
- Enable graduates to pursue international careers and studies

Eligibility:

Institutions recognized by government authorities or reputable private organizations.

STUDENTS – ADVANCE YOUR CAREER WITH FICS CERTIFICATIONS

Achieve your career goals with internationally recognized certifications from FICS. Whether you're starting your career, changing fields, or aiming for career progression, our programs are designed for real-world success.

Benefits for Students:

- Distinguish yourself with a UK-issued, globally recognized qualification
- Gain practical skills aligned with industry requirements
- Access FICS's online learning and examination platform
- Receive support through our interactive student forums
- Improve employability and connect with global recruiters
- Pursue higher education pathways internationally

CORPORATES – ACCESS QUALIFIED TALENT FOR YOUR BUSINESS

FICS partners with corporations globally, providing a pool of certified professionals ready to contribute to business growth. Employers rely on FICS certifications as a mark of quality, skill, and industry-readiness.

Benefits for Corporates:

- Free access to our database of certified professionals
- Confidence in hiring candidates with proven, practical skills
- Opportunities to collaborate on custom training programs

FICS PARTNERSHIP PROGRAMS

Empower Education. Expand Globally. Earn Sustainably.

FICS invites institutions, training providers, and education entrepreneurs to partner with us in delivering globally recognised certification programs through flexible, technology-driven models.

FICS AUTHORISED PARTNER

Become the official FICS representative for a defined geographic region and lead the expansion of FICS certification programs through institutional networks.

What You Do ?

- Build and manage FICS-approved training and testing centres
- Promote FICS curriculum and certification programs
- Onboard institutions, academies, and support centres
- Distribute FICS vouchers and e-learning solutions

What You Get

- Immediate access to the complete FICS curriculum
- Authorization to operate FICS certification programs in your region
- High margins on bulk voucher purchases
- Exclusive partner privileges and discounts
- Continuous technical, academic, and business support

Why It Works

- Globally recognized credentials
- Simple and scalable testing practices
- Strong return on investment
- Long-term regional growth opportunity

FICS COURSEWARE PARTNER

Ideal for colleges, training centres, and academies that want to offer international certification to their students.

What You Can Do

- Teach FICS-approved courses
- Register students through the FICS online system
- Conduct online examinations
- Issue globally recognised FICS certifications

What You Get

- Ready-to-deliver curriculum and courseware
- Digital exam and certification system
- Official FICS partnership recognition
- Academic and technical support from FICS

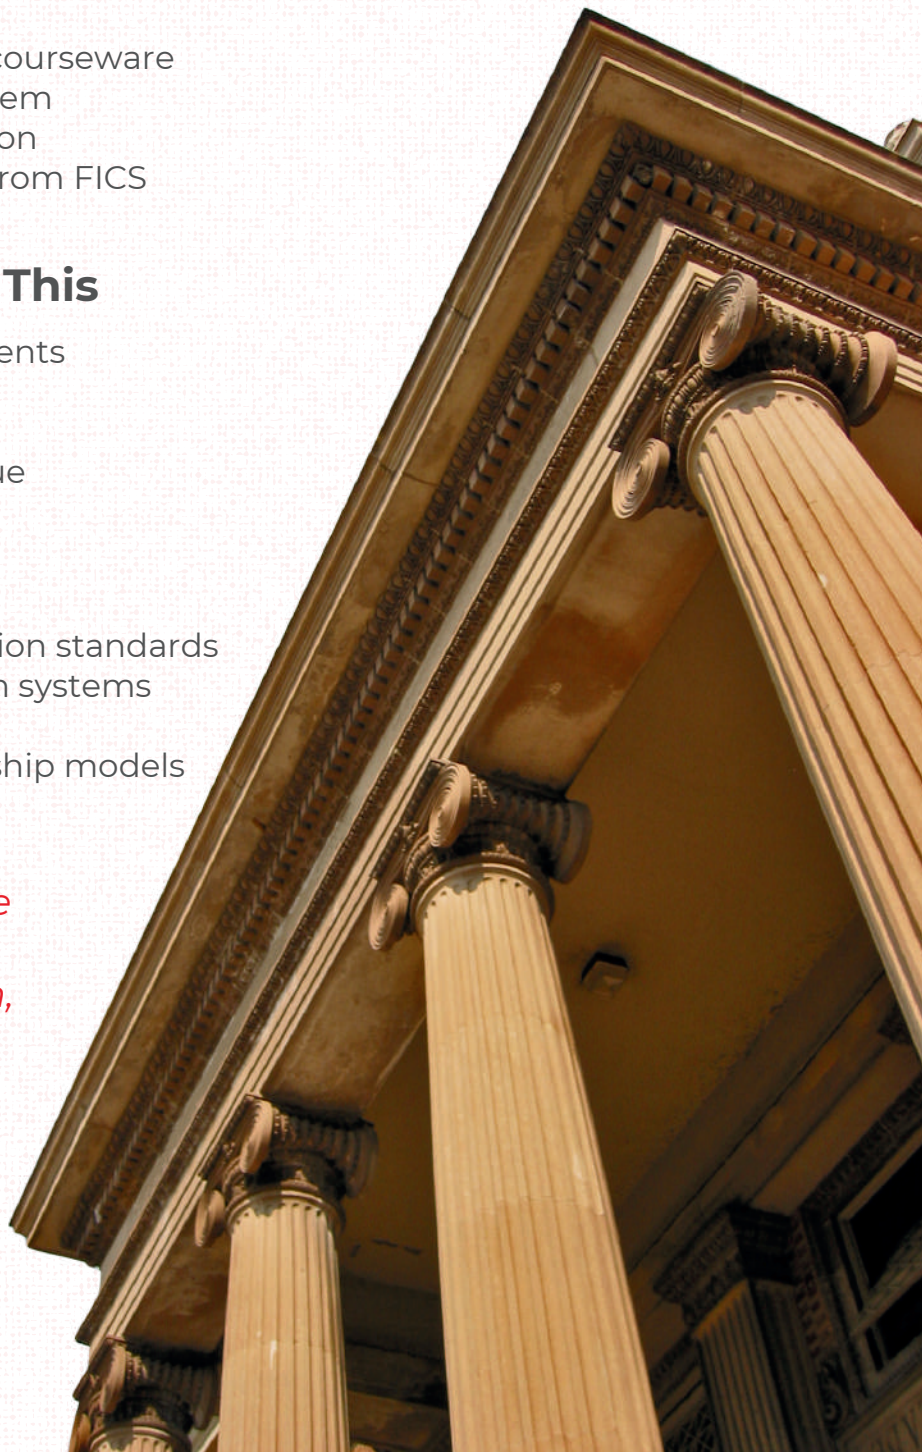

Why Institutions Choose This

- International certification for students
- Low operational cost
- Flexible teaching & assessment
- Sustainable student-based revenue

Why Partner with FICS?

- Internationally accepted certification standards
- Fast, flexible, and digital education systems
- Strong academic governance
- Transparent and scalable partnership models

“Partner with FICS and become part of a global education ecosystem designed for growth, credibility, and impact.”
